

Bachelor of Science in **CRIMINAL JUSTICE LEADERSHIP (CJLD)**

The Criminal Justice Leadership Bachelor of Science program offers a unique educational perspective and experience that seeks to both empower and enrich current and future leaders in the criminal justice field. With a focus on developing critical thinking skills, effective communication, and problem-solving methods, students will be prepared to engage the challenges and complexities in the field of criminal justice.

- Courses are delivered in progressive 100% online training modules that combine online meetings, facilitated weekly discussions, team projects, and individual assignments.
- Students complete 48 hours of Criminal Justice courses, 72 hours of general education requirements and electives to meet the 120 credit hour requirement.
- Can transfer up to a total of 90 credit hours from previous training, courses, etc.
- The flexible program is focused on working professionals at all Criminal Justice leadership levels.
- All materials and resources for CJLD courses are available at no cost.
- Learn from dedicated, student-oriented faculty members who have worked in Criminal Justice/Military leadership roles and who are committed to your success.
